Desert Energy Limited

Terms & Conditions of 10 Million Desert Energy Options Issued to Aurora Minerals or its nominee.

The Options will entitle the optionholders to subscribe for Shares in the Company on the following terms:

(a) Exercise price

Each Option shall entitle the optionholder to acquire one fully paid ordinary share in the capital of the Company upon exercise and payment of an exercise price of 40 cents ("the Exercise Price").

(b) Expiry date

The Options will have an expiry date of 84 months from date of issue.

(c) Certificate

A certificate will be issued for the Options and sent to the optionholder together with the terms and conditions of the Options and a written notice that is to be completed when exercising Options.

(d) Options not listed

The Options will not be listed for official quotation on the ASX.

(e) Exercise

The Options may be exercised by notice in writing to the Company ("the Exercise Notice"), delivery of the Option certificates and payment of the Exercise Price to the Company at any time between the date of issue and the Expiry Date ("the Exercise Period"). The Options may be exercised in one or more lots on different occasions during the Exercise Period. Within 5 business days of receipt of the "Exercise Notice" and Option certificates and payment of the "Exercise Price", the Company will allot the corresponding number of fully paid ordinary shares to the optionholder, procure the issue a statement of holding for the shares and apply for the shares to be listed on the stock exchanges on which the Company is listed. The shares issued as a result of exercise of the Options shall rank equally in all respects with the other issued fully paid shares in the Company.

(f) New share issue

If the Options are exercised before the record date of an entitlement, the optionholder can participate in a pro rata issue to the holders of the underlying securities in the Company. The Company must notify the optionholder of the proposed issue at least 9 business days before the record date. Optionholders do not have a right to participate in new share issues without exercising their Options in accordance with Listing Rule 6.19.

(g) Bonus Issue

If, from time to time, before the expiry of the Options the Company makes a pro rata issue of Shares to Shareholders for no consideration, the number of Shares over which the Options are exercisable will be increased by the number of Shares which the optionholder would have received if the Option had been exercised before the record date for calculating entitlements to the pro rata issue.

(h) Reorganisations

In the event of any reorganization of the issued capital of the Company, the Options will be reorganized by the Company in accordance with the Listing Rules (including without limitation by changing the number or exercise price for the Options in such manner as may be required by the Listing Rules.)

(i) Change of Option's exercise price or the number of underlying securities

(i) In the event that a pro rata issue (except a bonus issue) is made to the holders of the underlying securities in the Company, the exercise price of the Options may be reduced according to the following formula:

$$O' = O - \frac{E[P - (S + D)]}{N + 1}$$

O' = the new exercise price of the Option;

O = the old exercise price of the Option;

E = the number of underlying securities in the Company into which one option is exercisable;

P = the average market price per security (weighted by reference to volume) of the underlying securities in the Company during the five (5) trading days ending on the day before the ex rights date or ex entitlements date;

S = the Subscription price for a security under the pro rata issue;

D = the Dividend due but not yet paid on the existing underlying securities (except those to be issued under the pro rata issue);

N = the Number of securities with rights or entitlements that must be held to receive a right to one new security in the Company.

(ii) The number of shares to be issued pursuant to the exercise of Options will be adjusted for bonus issues made prior to exercise of Options. The effect will be that upon exercise of the Options the number of shares received by the optionholder will include the number of bonus shares that would have been issued if the Options had been exercised prior to the record date for bonus issues. The exercise price of the Options shall not change as result of any such bonus issue.

(j) Dividends

The Options carry no entitlement to participate in dividends until shares are allotted pursuant to the exercise of the Options.

(k) Options Transferable

Subject to the Listing Rules of the ASX, the Options can be transferred to any nominee of the option holder or from any such Nominee to another Nominee.

(l) Interpretation

In these terms and conditions the following terms will bear the following means unless the context otherwise requires:

“**Listing Rules**” means the listing rules as amended from time to time of the ASX.
